The Young Men's Christian Association of Detroit, Mich., now occupy the building formerly known as the "Kirkwood The building, which is a five story brown stone, situated on Monroe Avenue fronting on Campus Martius, has been remodeled and bandsomely fitted for the association work. On the first floor are seven rooms, which will be utilized as follows: Bath and toilet room. Secretary's office, reading room, Assist. Secy's office, assembly gymnasium and dressing-room. On the second floor will be the pariors, class rooms, Directors and committee room. In the rear will be another gymnasium. On the third floor will be boys' reading and game rooms, in the war of which will be a dining-room, which will be used in case of socials. The other floors will be sub-let.

Gorman's specialties and Muldoon's picnic at the Leighton Opera House, Wednesday evening, drew a \$128 audience, and we doubt if there was one person in the room but what at some part of the entertainment had a hearty laugh. Much of the acting was so ridiculously natural that even the most sedate would join in the merriment. There are a number of star actors in the troups who in a ring with plenty of room would show to much better advantage than they do on a stage. The party is composed of poople who during their stay here proved themselves ladies and gentlemen, and we have no hesitation in commending them to the people of the villages they may visit.—South

Those who would not attend the Lady of Lyons because they wished to go to "Muldoon's picnic" next evening and "see something good," were the worse sold crowd that ever assembled in the Opera House. A more disgusting exhibition of natural and acquired stum degradation never struck the town.-South Haven Messinger.

Strange, what difference there can be 'twixt tweedledpm and tweedledee.

The annual report of the Township Board of the township business for the past year presented at town meeting, shows the total receipts, including amount on hand, to have been \$25,171.12. The amount of expenditures was \$24,556.45, leaving a balance on hand of \$614.67. On recommendation of of the board, a tax of \$800 was voted for township expenses, during the current year. A tax not to exceed \$150 was voted, for the purpose of purchasing a fire-proof safe for the use of the township. \$300 was also voted to cover the deficiency in the highway fund. A woodchuck bounty of 15 cents per bead was also ordered. The following is a list of pathmasters elected: Dist. No. 1, Bruce A. Cumings: 2, Geo. Hutchins; 3, Geo. H. Pugsley: t. Wm. K. Butler; 5, H F, Bowen : 6, W. W. Mosier : 8, H. Labadie ; 9. A. Bilbo: 10, Wm. J. Coy: 11, J. Sykes: A. E. Wildey; 23, Nelson Beals; 24, Julian executed with "neatness and dispatch."

HOW WATCHES ARE MADE.

In a Solid Gold Water, aside from the necessary thickness for engraving and polishing, a large proportion of metal is needed only to stiffen and hold the engraed portions in place, and supply strength. The surplus gold is actually needless. In James Boss' Patent Gold Watch Coses this WASTE is saved, and solidity and STRENGTH increased by a simple process, at one-half the cost. A plate of SOLID GOLD is soldered on each side of a plate of hard nickel composition metal, and thu three are then passed between polished steel rollers. From this the cases, backs, centers, bezels, etc., are cut and shaped by dies and formers. The gold is thick enough to admit of all kinds of chasing, engraving and engine turning. These cases have been worn perfectly smooth by use without removing the gold. This is the only case made under this process. Each east is accompanied with a valid generates signed by the manufacturers warranting it to wear 20 years. 150,000 of these Cases now carried in the United States and Canada. Largest and Oldest Factory. Established 1854. Ask your Jeweler.
